## REPORT OF THE TRUSTEES OF THE JAMES A. TUTTLE LIBRARY

---

The Board organized for the year with Mrs. Miriam W. Roberts as chairman and treasurer and H. L. Packard as secretary.

The Board suffered a serious loss and the Library an efficient Trustee in the death of Mr. Henry B. Pratt, June 5, 1942. Mr. Pratt had been a member of the Board for more than a decade. He was interested in good literature and his wide experience as an engineer made him a valued member in regard to the physical upkeep of the building.

During the past year a cement sidewalk has been constructed and the doors to the building have been repaired. In the coming year, the trimmings of the building should be painted.

Gifts of books have been received from Mr. Benjamin Rush of Philadelphia, Mrs. A. I. duPont of Maryland, The Antrim Book Club (16 books) and the magazine "Hygeia" from Dr. Harlan P. Abbott.

The piano which is in the library hall was given to the library by the Women's Relief Corps.

MIRIAM W. ROBERTS,  
HARRISON L. PACKARD,

Trustees.

## REPORT OF SCHOOL PHYSICIAN

---

February 10, 1943.

The physical examinations were conducted shortly after the opening of school.

A summary of the findings made in the 160 examinations will be found in the report of the school nurse, Mrs. John Griffin.

Any condition that needed attention was reported to the pupils' parents.

The most striking defect was defective teeth, 45 percent of the enrollment.

There were 72 school days in the autumn term, and an enrollment of 124 pupils in the grade schools, or 8,928 possible sick school days.

The number of days lost through illness was 162, or approximately 2 percent.

The general posture of the pupils is not good, but it is hoped that the exercises now in progress will be of benefit to some.

Respectfully submitted,

DR. MONTFORT HASLAM, M. D.

## GENERAL REPORT

In a world aflame, torn apart by all the selfish desires of dictators, all citizens, pupils and institutions can have but one first objective, to win the war and bring peace again to our land. After we have done what we can in our war effort, our second consideration should be the education of our children. For it would avail us nothing to win the war and find that our young people, the future citizens of America, were not trained to assume their duties and fit themselves into society.

Besides a reemphasis upon the "three R's" we are trying to develop a fourth "R", that of responsibility. Too often we find that in the present day people demand their rights without realizing that every right has a corresponding responsibility or duty.

Your pupils are taking an active part in the "School at War" program and are trying to do their share in winning the war.

All parents are urged to have their children at school every day, on time, unless the children are sick. Pupils who are out of school lose the continuity of the work and this cannot be made up. Furthermore it is good training for young people to realize that they must be at school on time, every day.

Our school building is old and far from up to date. Extensive repairs have been made upon it within recent years but even these cannot make an old building young. I realize that nothing can be done about this during this present war emergency but we should all be looking ahead to the day when things

will become normal. Then we will need a new school building in Antrim.

I would like to call your attention to the headmaster's report which follows.

In conclusion I want to thank the school board and teachers for their loyal and untiring efforts to produce a good school system in Antrim.

Respectfully submitted,

HOWARD F. MASON,

Superintendent of Schools.

## REPORT OF HEADMASTER

---

To the Superintendent of Schools:

The High school opened on Sept. 8, with an enrollment of thirty-six. Since that time only one pupil has maintained a perfect record in attendance with no absences, tardinesses or dismissals. There have been an unusual number of absences this year in part due to the employment of the boys who have helped in the harvesting of crops.

Since the opening of school five pupils have left or been transferred to other schools. Marilyn Favor and George Thibodeau moved to other towns. Muriel Bean and Alice Huntington left school to work. Winslow Caughey enrolled in the University of New Hampshire under the new accelerated program due to war conditions. At present the enrollment is thirty-one.

The calendar for the school this year is as follows:

First term, Sept. 8 to Dec. 23.

Second term, Jan. 4 to Feb. 19.

Third term, March 1, to April 16.

Fourth term, April 26 to June 18.

Holidays: October 12, November 11, Thanksgiving day and the following Friday, and May 30, 1943.

Due to the conditions existent in the country this

year the school finds it desirable to modify its program to place greater emphasis on physical fitness and information necessary to meet war time living. At the present time the physical education is being expanded and elaborated. A course in aeronautics has been added to the program. It is designed to generally acquaint pupils with the fundamentals of flying and the mechanics of airplane operation of which we believe this coming generation must be vitally aware in its air-minded world. We hope also to give those boys and girls who will graduate and go into any branch of the service connected with airplanes, a background on which they can base their choice of the work they are most adapted to, or wherein lies their greatest interest. The ability to spot different types of planes and the healthy recreation of plane modeling make this course a worthwhile training project. Within the next year other changes in the program of the school seem expedient in order that the needs of the community and the pupils may be more adequately served. More stress must be placed on physical education, first aid, physiology, natural science, mathematics, home economics and geography, as has already been demonstrated by the demands of the war program.

In as far as the capacity of the pupil permits it will be the place of the school to fit the individual for useful service in civilian life or the armed services of his country.

Respectfully submitted,

STANLEY SPENCER,

Headmaster.
